U.S. Will Cooperate With Western Europe

America Backs New Military Command

Washington, Sept. 29—(AP)—American officials today forecast the closest possible cooperation with the newly formed military command of the western European union. They said, however, that it would be months before this country could enter any formal alliance in support of western Europe.

Authorities said privately that the new command set-up appears to be a long step forward in the program of Britain, France, Belgium, The Netherlands and Luxembourg to pool their military resources in preparation for asking American assistance.

In Line With U. S. Advice
Their action is in line with advice they have received from the American government: the dispatch of United States arms and American backing for their greater security will be based on their proven willingness to do everything they can to help each other.

Meanwhile, however, both western Europe and the United States must deal with immediate military problems created by the grinding, day-in, day-out conflict with Russia. It is in this connection that detailed cooperation is foreseen between the new unified command of the five western European countries and the American high command. Presumably this short range cooperation will cover the full scale of possible actions to be taken in event of war between Russia and the west—a development which top officials here presently consider improbable.

Staff Headed By Kibler
The agency for cooperation already exists. Officials said it lies in the "observer" staff which the American high command has several months ago assigned to the defense committee of the western European union. The staff is headed by Major General A. Franklin Kibler, Undersecretary of State Lovett told a news conference today that Gen. Kibler would inform this government fully of the work of the western European defense ministers by whose agreement the new command organization was brought into being yesterday. Lovett described the American representative at the defense minister's meeting as an "observer."

Other informants said he actually is much more than that. They described him as a non-member participant in defense discussions and the implication is that his role is a very influential one.

The United States, however, cannot offer the western union any actual military support unless and until congress authorizes it.

Term Ban Of Negro From University Unconstitutional

Oklahoma City, Sept. 29—(AP)—Barring of a Negro graduate student from the University of Oklahoma was held unconstitutional today.

A three-judge federal court did not order his immediate admission, however.

Instead, it gave the state time to amend its segregation laws to permit all Negroes to enroll for courses not available in separate schools.

Governor Roy J. Turner promised the court in a letter this will be done.

The court did not rule the state's segregation laws unconstitutional in their entirety. Oklahoma provides some college courses in a segregated Negro school and these were not affected by today's ruling. The state does not now provide graduate work in this school.

The Negro graduate student who appealed to the court is G. W. McLaurin.

Bankers Claim U. S. Spending Causes Inflation

Detroit, Sept. 29—(AP)—The nation's commercial bankers decided after a four-day session today that they have had little to do with causing inflation.

Government spending, they claimed, has been the major cause of high prices. Bankers, though, are willing and anxious to do what they can to stop inflationary trends.

Justice Department Won't Prosecute Alleged Spys

Washington, Sept. 29—(AP)—The nation's atomic plants were barred today to labor unions with leaders suspected of communist tie-ups.

The order came from the Atomic Energy Commission, coinciding with other developments:

1. The Department of Justice told the House un-American activities committee it won't engage in "witch hunts" or institute prosecutions "to justify the publicity seekers." The committee has accused the department of failing to prosecute atomic espionage suspects.

2. Rep. J. Parnell Thomas (R-NJ) chairman of that committee, made public a letter to President Truman declaring that "you and your attorney general have attempted to obstruct and thwart our pursuit of the facts." He challenged Mr. Truman to back up his recent criticism of the committee with facts.

3. Two more high ranking officials of the CIO United Electrical Workers refused to tell a House labor subcommittee whether they are or have been Communist party members.

David E. Lilienthal, Atomic Energy Commission chairman, signed letters ordering the United Electrical Workers and the CIO United Public Works of America to stay out of the atomic installations.

In each case, he said, information is available concerning "alleged communist affiliation or association" of certain union officers.

Viewed in connection with the failure of the labor organizations to sign non-communist affidavits under the Taft-Hartley Act, he said, there is "a very serious question" whether the representation of atomic workers by such unions would be consistent with "that full and unqualified loyalty" to the interests of the United States required by the Atomic Energy Act.

The notification went out in letters from Lilienthal to Charles E. Wilson, president of the General Electric Co., and William B. Harrell, business manager of the University of Chicago. The company and the university each operate atomic plants under government contracts.

Lilienthal's letter to Wilson directed GE not to recognize the electrical workers union at the new Knolls II atomic power plant at Schenectady, N. Y.

At the University of Chicago's Argonne atomic project, Lilienthal wrote that the commission has been advised that a number of labor organizations, including the UPW, have been active in organizational work. As far as the UPW is concerned, he told the university to "continue to refrain from recognition."

Develops Jet Engine Which Will Supersede Others

Cleveland, Sept. 29—(AP)—Jet engines which may produce five times the power of types now in use are being developed by the National Advisory Committee for Aeronautics at its Lewis flight propulsion laboratory here.

This was disclosed today in a discussion of research projects during the annual inspection by military visitors.

It would mean that aircraft engines with 25,000 pounds of thrust in a single unit would be developed. That thrust would equal 50,000 to 100,000 horsepower in effective "push" with the aircraft flying at 700 to 1,000 miles an hour.

The most powerful jet engine at normal rating today is the General Electric J-47, used to set a world speed record of 871 MPH in an F8E plane. The J-47 rates normally at 5,000 pounds of thrust, but the effective force increases with the speed. More powerful turbo-jet engines are being readied for use, but have not yet been announced.

Nation's Traffic Deaths In August Hit 3,000 Mark

Chicago, Sept. 29—(AP)—The nation's traffic death toll in August was 3,000, down two per cent from August, 1947, the National Safety Council reported today.

During the first eight months of 1948, 19,390 persons were killed in traffic accidents, the council said. This is a three per cent drop from the comparable period of 1947.

Senate Probes Sentence Easing Of Nazi Criminals

Washington, Sept. 29—(AP)—Senate investigators sought "the whole story" today on the easing of punishment meted out to at least 13 Germans in the Buchenwald horror camp case.

A Senate investigating committee was reported to have asked the army particularly why prison terms were reduced for "four or five big shots" convicted of crimes against humanity at Buchenwald.

The so-called "big shots" are in addition to Mrs. Ilse Koch, widow of the prison commandant, whose commutation of sentence from life to four years imprisonment drew angry protests.

Mrs. Koch is eligible for parole next year. Among other things, she was accused of making lampshades and wall plaques from the skin of human victims.

William Denison, who prosecuted the Buchenwald cases, termed the cutting of Mrs. Koch's sentence "a shocking travesty on justice."

Senate investigators said 12 other Buchenwald defendants were known to have received a reduction of their sentences.

Secretary Of Army Declares Clash Is Not Imminent

St. Louis, Sept. 29—(AP)—Secretary of the Army Kenneth C. Royall declared tonight that war—in his opinion—is not imminent.

"But," he added, "we must realize that the determination of war is not in our hands but in the hands of a few despotic and powerful men. And it is the timing only, and not the ultimate purpose of these men that is uncertain."

In a speech prepared for delivery at a banquet of the national guard association's annual conference, Royall said the Communists have declared time and time again that their objective is to establish a world empire of Soviet-dominated governments.

"We know," Royall went on, "that the Soviets maintain more than four million men under arms and support a military establishment that would cost America \$35,000,000,000 a year. And with no threat of aggression against Russia and no strong nation on its borders we know that this force is being maintained for some future purpose other than defense."

Fortune Magazine Says Dewey Leads Truman In Poll

New York, Sept. 29—(AP)—Fortune magazine, in its last pre-election survey, said today Gov. Thomas E. Dewey is leading President Truman by the "almost unbeatable margin" of 44 percent to 31 percent.

The findings of the poll, conducted by Elmo Roper, "merely reinforce and confirm the results of the four preceding public-opinion polls conducted between April and August of this year," the magazine said.

"All of them indicated that in the election to come Mr. Dewey will pile up a popular majority only slightly less than accorded Mr. Roosevelt in 1936 when he swept the boards against Al Landon."

Fortune said the figures now are so decisive it plans no further detailed reports on the change of opinion about the presidential campaign "unless some development of outstanding importance occurs."

Havana Court Opposes Pardon Of Pat Schmidt

Havana, Sept. 29—(AP)—The Havana criminal court today opposed a presidential pardon for Patricia (Satira) Schmidt on the ground that she has shown no signs of repentance for shooting her lover, Jack Lester Mee.

The court, which sentenced the Toledo, Ohio, dancer to 15 years in prison for killing the Chicago attorney aboard his yacht Santa Ann on April 18, 1947, expressed its views in reply to a request from the ministry of justice.

It is usual for the criminal court to report unfavorably on all requests and for this reason the court's opposition is not expected to influence the decision of President Ramon Grau San Martin.

A member of the president's cabinet said Grau had always looked upon Patricia's case with sympathy.

CHARGED SUBVERSIVE

A spy trial for atomic scientist Dr. Clarence F. Hisey (above) has been refused by the Justice Department, who asserted they won't engage in "witch hunts." The proposed prosecution included Dr. Hisey's former wife, Marcia Sand Hisey and Dr. John H. Chapin on charges of conspiracy to commit espionage. Hisey and Chapin were atomic bomb project scientists during the war. At present Hisey is professor of analytical chemistry at Polytechnic Institute, Brooklyn, N. Y. (NEA Telephoto).

Truman Discloses Plan To Campaign Through Illinois

Aboard Truman Campaign Train, Sept. 29—(AP)—President Truman disclosed today plans to make a 41-mile automobile swing through southern Illinois tomorrow, making speeches along the way.

He will leave his special train at Mount Vernon and make a talk there on a platform adjacent to the train at 7:30 a. m. (CST).

From then on he will make a brief talk on a specially constructed platform in the business district of Benton.

He will repeat this near the railroad station at West Frankfort, where he will place a wreath on a small memorial to soldiers of World War II.

He will pass slowly through Zelger to Herrin where in the center of town he will make another speech and lay a wreath in memory of World War II veterans.

Then the president will move on to Carbondale where the motorcade will proceed slowly through the business district to the main gate leading to the University of Southern Illinois for a speech at McClelland stadium.

The president will then go to Marion where he will speak from the center of town into a microphone brought to his car.

Alleged Victims Back Defendants In Chicago Court

Chicago, Sept. 29—(AP)—Some 40 women turned up in felony court today in defense of a man and two women charged with fraud through the sale of a gadget to cure rheumatism and arthritis.

The defendants are William Ferguson, 48, originator of the Zerret, a dumbbell shaped object containing a mysterious fluid; Mrs. Mary Sana-kis, 49, director of sales for Ferguson, and Mrs. Play Smith, 53, a saleswoman, all of Chicago.

They are charged with operating a confidence game and conspiracy to defraud.

When Judge Charles S. Dougherty made a remark about "suckers," the group in the courtroom chorused "we are not suckers."

One woman held up her Zerret and said, "I wouldn't sell mine for \$10,000."

Police charge the three defendants reaped \$50,000 profit on their project.

Allies Take Berlin Problem Before U.N.

Soviet Fighters Dive On American Planes

Berlin, Sept. 29—(AP)—Nine Soviet Yak fighters made simulated diving attacks on two American coal planes on the Berlin haul today.

American authorities said five Soviet fighters buzzed within 100 feet of one of the C-54 Skymasters in the Berlin-Hamburg corridor. Four fighters dived at the other Skymaster.

A strong written protest was sent to the Russians. It demanded "immediate and direct action" to make Russian fliers obey flight rules before a "serious incident" occurs.

The protest cited several other recent cases of "reckless" Soviet flying endangering American aircraft and complained that repeated oral protests "have been of no avail."

All the harassing incidents have occurred in the air corridors, the West's only supply link since the Russians blockaded water and land routes more than a quarter of a year ago.

The Russians got a taste of their own medicine when police halted 60 trucks carrying supplies through the American sector from the Soviet zone to the Soviet sector of the city.

American officials denied this was a counter-blockade, but said they would continue to check all trucks for black market goods and cargoes with improper papers. All but six of the 60 trucks were released after examination. The cargoes of the six will go to help feed Germans in the western sectors.

Robert Mitchell Pleads Innocent On Dope Charge

Los Angeles, Sept. 29—(AP)—Robert Mitchell, the truck driver who became a movie star, pleaded innocent today to possessing marijuana. But his attorney delayed proceedings briefly by insisting he couldn't understand the indictment because part of it isn't in English.

The handsome Mitchell, with Actress Lila Leeds and two other companions, was arrested Sept. 1 in a raid on a secluded cottage in Laurel Canyon, above Hollywood. A grand jury indictment accuses them of possessing a drug weed which police identified as marijuana.

Jerry Giesler, the attorney who has represented such movie figures as Charlie Chaplin and Errol Flynn in court troubles, referred superior Judge Thomas L. Ambrose to a section of the indictment mentioning the "flowering tops and leaves of Indian hemp (cannabis sativa)."

"I always thought hemp was used to make rope," Giesler said, bringing a laugh from the judge and packed courtroom.

CIO Insurance Agents Vote To Authorize Strike

Chicago, Sept. 29—(AP)—CIO affiliated agents of the Prudential Insurance company announced today they had voted to authorize a strike to enforce wage demands.

Twenty-five agents, claiming to represent 1,100 salesmen in the Chicago area, will go to New York Friday for a national strategy meeting.

The United Office and Professional Workers Union holds a contract which will expire at midnight tomorrow. The union demands a \$15 a week raise and a \$65 minimum salary. The present minimum is \$27, the union said.

The Prudential home office is in Newark, N.J.

Wallace Reopens Feud With Jones In Texas Speech

Houston, Tex., Sept. 29—(AP)—Henry Wallace reopened his ancient feud with former Secretary of Commerce Jesse Jones tonight as he continued his presidential campaign deep in Texas.

He also renewed his demand for an unofficial fact-finding commission of citizens to investigate "war scares." He said he is not convinced the United Nations has the necessary facts to get to the bottom of the present Berlin crisis.

The Progressive party candidate continued to meet with mixed white and Negro groups here without arousing any disorder or violence.

In a speech prepared for delivery at the city auditorium, Wallace recalled he "used to tangle pretty often" with Jesse Jones, Houston business and financial leader, when Wallace was vice president and Jones was secretary of commerce.

Wallace said he still resents a conversation Jones had with President Roosevelt in 1945. He said Jones told Roosevelt he (Wallace) was an "impractical dreamer, inexperienced in business."

Russ Attitude Threatens World Peace

Paris, Sept. 29—(AP)—The western powers asked the United Nations Security Council today to step into the Berlin crisis on the grounds that ruthless Soviet action threatens world peace.

The Moscow new times predicted failure for the appeal which was presented to the council under the U.N. charter's most drastic provisions.

Informed sources said the council would take up the issue on Monday. The United States, France and Britain handed in the hottest case in U.N. history on the 10th anniversary of the Munich pact—a forerunner to World War Two.

But where appeasement was the key in Munich determination to resist Soviet pressure was apparent in Paris.

The western powers said they would pursue to themselves the full right to take whatever measures were necessary to maintain their position in Berlin while referring the case to the U.N.

Informed sources said this was a definite warning the three powers would not be forced out of Berlin. The United States, France and Britain had announced last Sunday their decision to go to the council. Today they filed their charges, with 30 pages of notes and documents supporting them, under Chapter VII of the United Nations charter.

This chapter is the strongest in the charter.

Base Case On Article 19
The 800-word note sent to U. N. Secretary-General Trygve Lie without fanfare did not cite any article of Chapter VII, but authoritative sources said the three powers would base their case on Article 19.

This says the council shall determine the existence of any threat to the peace, breach of the peace, or act of aggression and make recommendations or decide which of its several penalties it wants to invoke.

The council has the right to impose a land, sea and air blockade around a guilty country. If necessary, it can call on U. N. members to supply armed forces for military operations against the offender.

Agree On Soviet Veto
Delegates agreed generally that the Russians would veto any decision against them, however. This would probably result in the western powers taking the case to the General Assembly.

The Russians were silent in Paris as the charges were circulated but in Moscow the weekly publication New Times said the appeal to the council would be unsuccessful. It charged Secretary Marshall and British Foreign Secretary Ernest Bevin with directing a campaign for the "further ignition of war hysteria."

A Soviet spokesman here said Russia will be present when the case is opened before the council. Jacob A. Malik, deputy minister for foreign affairs who is acting delegate to the council, will sit for Russia instead of Deputy Foreign Minister Andrei Vishinsky, the spokesman added.

Standard Oil Company Opposed To Price Increase

Chicago, Sept. 29—(AP)—Standard Oil Company (Indiana) said today it is opposed to any increase in crude oil prices at this time.

The Phillips Petroleum Company yesterday put into effect 35 cents a barrel boost in its posted prices for crude oil at many points.

Commenting on this advance, Robert E. Wilson, chairman of Standard of Indiana, said in a statement: "In view of the prime importance of halting the rising cost of living, our company is opposed to further crude price increases at this time."

Wilson said that "barring extensive strikes, all essential requirements for the coming heating season can be met without a further crude price increase."

The Phillips boost is effective at all points in Texas, Oklahoma, Kansas and Arkansas where Phillips posts a price schedule as a crude oil purchaser.

Second Suspect In Burglary Case Makes Statement

After hiding out for several days after his return to Morgan county, Raymond Hayes, 14 years old, was apprehended by police early Wednesday morning at his home, on Jacksonville route one, north of the city.

The youth, who is said to have been implicated in the burglary of the Shell service station at West State and Prairie streets Sept. 18, and the theft of an automobile, was arrested by Capt. Ike Flynn and Patrolman Walter Hill.

At the police station later in the morning Hayes admitted to Chief Kiloran and other officers that he and Russell Kinney, also 14, broke into the filling station and stole a car from the filling station driveway which was wrecked early the next morning at Pittsfield.

Hayes read Kinney's written statement, after which he said "that's it."

Hayes said he returned to the city last Sunday in company with Kinney, but has been in hiding. The boys hitched rides on trucks and trains for several days after wrecking the car.

Both Kinney and Hayes were taken into the court of Justice C. S. Smith where they waived preliminary examination and were bound over to the grand jury. The bond of each defendant was set at \$500.

They were transferred from the city prison to the county jail.

Your Most Important Right

Now that the bandstand has been painted, and the park re-landscaped, we have about the nicest village green in the county.

And it's all because, at the last town election, folks got out and voted—85 per cent of them! That way, they passed the amendment calling for park improvements—over those opposing it.

Reminds you again how important the right to vote is in this country. And it's a right we can retain only by exercising it!... like all the other individual liberties—

from freedom to enjoy a glass of beer or ale, to a woman's right to vote along with men.

Folks can thank themselves that on summer evenings they'll be able to listen to band concerts in a well-kept park... enjoying a bottle of beer or soda pop (whichever they prefer). Because from where I sit, that's a freedom they've earned by exercising a still more important freedom: Voting!

Questions And Answers ON THE OCT. 9 SCHOOL ELECTION

The County School Survey committee has submitted a series of questions and answers to the Journal Courier in the hope that these may stir up interest and clarify issues in the forthcoming school election on Saturday, Oct. 9. The committee invites further questions from interested citizens which some member will attempt to answer. Questions should be addressed to the Survey Committee in care of the Journal Courier.

1. Will the plan of school reorganization as proposed by the Survey committee necessitate a substantial building program?

Not immediately. The plan is flexible enough to employ existing facilities for some time to come.

2. Who, after all, makes decisions about building programs? The people decide upon building programs, bond issues and sites of new buildings at the polls. It will be their responsibility to decide what kind of schools they want and the new buildings and other equipment which are required to furnish that kind of school program. Because of crowded conditions a certain amount of building must be done whether or not this plan is put into operation.

3. Who would assume existing bonded indebtedness in such a reorganization?

The Supreme Court held, in a recent decision, that the new district

must assume the bonded indebtedness of the old districts involved in the reorganization.

4. Does the new district take over the assets of old districts, too?

Yes it does.

1. Will taxes be higher if the School Survey committee plan is accepted?

The law puts a specific tax ceiling upon this type of district, without referendum, of \$1.00 for educational purposes and \$25 for building. If your combined high school or non-high school tax (which ever the case may be) plus your common school tax is less than \$1.25, then your school tax might be increased to about that amount. It cannot be more than that without referendum. If your tax is higher than that, as in the case of Jacksonville which has just levied \$1.51, then your taxes will be lower.

2. Will the taxes at this rate be sufficient to maintain the high standards which have been reached in some of the schools of the county?

Yes. The Survey committee confidently believes that the large tax base which such a district would have, approximately eighty million dollars, would support the school system in such a unit district at the tax rate prescribed by law. Schools which have striven for years to attain certain goals educationally, in salary scale etc., would not need to face curtailment because of lack of funds.

SKATING PARTY IS PLANNED BY BOY SCOUT TROOP 103

Plans were made for a skating party to be held in Springfield Friday, Oct. 1. Two reels of Scout troop movies, illustrating various camping trips, were shown.

Barnard-Stone Vows Exchanged At Athensville

The wedding vows of Miss Imogene Stone, daughter of Mrs. Cornelia Stone and the late Russell Stone of Athensville, and Coover Barnard, son of Mr. and Mrs. Russell A. Barnard also of Athensville, were received by Rev. Henry Loffman in a lovely double ring ceremony at the Athensville Baptist church Thursday, Sept. 21, at 8 p.m.

The ceremony was performed before a candlelit altar which was banked with palms, ferns and baskets of white gladioli.

Miss Wanda Kirby of Rockbridge sang "Always" and "I Love You Truly," accompanied by Mrs. G. F. Wilhite at the piano who also played the wedding march.

The bridal couple were attended by Miss Wanda Stone, sister of the bride, who served as bridesmaid, and Floyd Barrow, friend of the groom, best man.

Wears Tailored Dress The bride was attired in a white tailored street length dress with which she wore black accessories. Her corsage was of pink and red roses centered with a gardenia.

Miss Stone, bridesmaid, chose to wear a two-piece aqua street length dress with black accessories and a corsage of white baby chrysanthemums.

Both the groom and his best man were dressed in dark suits with white aster boutonnieres.

Misses Laura and Thuria Barnard.

The Loves of Carmen

By SOPHIE KERR
Copyright, 1940, NEA Service, Inc.

THE STORY: Don Jose, young officer in a fashionable Spanish regiment, has just come to Seville from the countryside of Navarre. He is given 48 hours leave to familiarize himself with the city. Idling on a street corner, trying to make up his mind where to go next, he is startled by a piece of orange peel flying at his feet. He looks up. Seated on a wall above him is an extraordinarily dressed young woman of almost sinful beauty. She sits with Jose until a little wedding party comes down the street, when she breaks into a noisy dance, blasting both bride and groom. The groom had been her former sweetheart. After the procession disappears, she quietly comes down, asks Jose to help her from the wall. He does so, then stoops to pick up some oranges she has dropped. When he looks up, the gypsy girl is gone.

DON JOSE was on duty in the square with another young soldier. The bells rang above them and they turned expectantly.

The great doors of the cigar factory next to the barracks opened and a stream of girls came out and went past. The yellow coats of many regimentals dotted and blocked the way in every direction. Chattering girls joined grinning soldiers and they wheeled off in pairs together. But Don Jose and his companion remained where they were. They seemed to be searching for someone.

"I hope you find who you are looking for, Jose."

"You have me wrong, Andres. I'm not looking for anybody."

"You don't fool me. I've noticed you for two days now. You search among these girls as though you were looking for a long lost relative."

Andres grinned and slapped Jose roughly on the back. "Did the gypsies carry off your baby sister many years ago?"

"Why do you use that word?"

"What word?"

"Gypsy. You said gypsy."

"I did, yes."

Don Jose did his best to look

casual. "I suppose there are quite a number in the town."

"Gypsies? I suppose so. They're everywhere. Why?"

"No reason. Do any of the gypsy girls work in the factory?"

Andres turned to look at him squarely and his tone changed oddly. "One." Then suddenly his voice lost its hardness and became miserable. "Just one. But she comes and goes. One never knows." He sighed, remembering something. "What time is it?"

Don Jose reached for his watch, but took his hand away from his pocket, empty. He spoke awkwardly, remembering something. "I don't know, Andres. I lost my watch somewhere—a couple of days ago."

But Andres was no longer interested in the time. His face had lighted up and he started forward eagerly. "Hola! Carmencita!"

WALKING along with the thinning crowd of girls came the gypsy girl, her hands on her hips, her eyes bold and alert. Her bright costume, the same as when Don Jose had seen her last, contrasted sharply with the somber black dresses of the others. Andres ran toward her.

"Carmen, I have looked for you for two days. I—" He tried to put an arm around her waist but she shook free of him, her eyes fixed on the man beyond him. Don Jose stared just as intently at her.

Andres, clearly a love-sick man, did not see this for the moment but tagged along with Carmen, walking sideways, watching her face, speaking eagerly and rapidly, while she ignored every word he uttered. "I've been trying to find you for two days, Carmencita. I looked for you everywhere. You weren't at the factory—you weren't at Lillas Pastia's." Andres rattled on, not even noticing that they had reached Don Jose.

"Where have you been? What have you been doing?" Carmen looked up into Jose's face. "Sunning myself." Jose, inexplicably happy, smiled down at her. Andres said, "I am on duty now but if you will meet me later, we will have a bottle of wine."

"No."

AT last Andres could not help but notice Jose and the girl's concentration on him.

"Oh, forgive me. This is my friend Don Jose—Carmen." He laughed, a little uneasily, at Carmen's steady regard of his friend.

"No use bothering with him, Carmen. Don Jose has better things to think about than a pretty woman."

Carmen put her beautiful red head to one side.

"Better things? What are those better things?"

Don Jose flushed, feeling stupid and uncomfortable.

Andres put his hand on Jose's shoulder.

"Forget it, Carmen. My friend here is only interested in his career as a soldier. Everyone knows that. Eh, Jose?"

Before the embarrassed boy could answer, Andres suddenly stood to attention, looking beyond them. The other two followed his glance and Don Jose also became a soldier on guard duty. The colonel and three aides walked by. The colonel was resplendent as a peacock in his gaudy uniform topped by an elegant plumed helmet. He looked official and important. His pace slowed as he approached the group in the doorway and he inspected Carmen as though she were a priceless painting which he later intended to sketch from memory.

Carmen smiled impudently into the officer's face. She lowered her eyes to give him the full benefit of her eyelashes. She glanced up at him sideways.

After looking to see who was with her, the colonel moved on into the barracks without a flicker of expression on his heavy face.

His aides exchanged a quick, meaningful grimace as they followed him.

Jane J. Hoover, Peter Schneider Married In City

The local Kingdom hall of Jehovah's Witnesses was the scene of a simple but impressive wedding Saturday, Sept. 25, at 9 p.m. when Jane Hoover, daughter of the late Mr. and Mrs. A. M. Hoover, and Peter Schneider, son of the late Fred Schneider and Mrs. Christian Schneider of Gaylord, Minn., exchanged vows. Ray Thomas, minister of the gospel, of Springfield, Ill., officiated.

Mr. and Mrs. Keith S. West attended the couple.

The bride was dressed in a dark blue suit with black and white accessories. She wore a corsage of white gardenias, stephanotis and rubrum lilies.

Mrs. West chose a green suit with brown accessories and wore a corsage of roses.

The groom was dressed in a blue suit and his attendant in a brown suit. Both wore white carnation boutonnieres.

Immediately following the ceremony the minister, Ray Thomas, with his wife and their guest, Miss Blake, treated the newlyweds and their attendants to a chicken dinner at DeSilva's.

Mr. and Mrs. Schneider will reside in or near Prescott, Ariz., where they will carry on their ministerial duties.

San Sebastian—(P)—The first national fan exhibition has been staged here as part of a program to revive Spain's fan making industry. An estimated 400 antique fans and several hundred modern products were displayed. Prizes totalling \$1600 were awarded. The exhibition was sponsored by the artisans syndicate under which the Spanish fanmakers guild functions. Spain, Japan and France were pre-war leaders in the fan making industry.

Sportsmen Feast On Fried Fish At Glasgow Outing

Glasgow—Members of the Glasgow Sportsman's Club and their families enjoyed the annual fish fry, held Sunday, Sept. 26 at the lake south of Glasgow.

Over seventy-five were present with the fish, well fried by Harold Vogelhund, assisted by others, added to the various dishes of assorted salads and other "vittles," making a very appetizing repast. Tables were set upon the grounds for the meal, with the afternoon spent in visiting and in several instances, fishing.

Attend Institute

A number of members and delegates from the Glasgow Baptist church were attending the annual meeting of the West Central Baptist Association, held Tuesday in the White Hall Baptist church.

The young people's banquet and program was held Monday evening, and was attended by a group of local B.Y.F. members.

B.Y.F. Organized

A Baptist Youth Fellowship group, formerly known as Baptist Young People's Union, has been recently organized at the local Baptist church. Miss Joyce Brinker is president, and Miss Roberta Hester is secretary of the group, with Mrs. Cordelia Ryder, Vick serving as the group's advisor.

Growing interest is being shown in this new organization, and a contest is now underway between the boys and girls.

Cemetery Donations

Recent donations to the Glasgow Cemetery Association fund are listed, as follows: Mrs. Muri Hanback, Winchester, \$2; Mr. and Mrs. Major McGlasson, Peoria, \$2; Mrs. Henry Desheria, Winchester, \$2.

Mr. and Mrs. Verne Drake are the parents of a son, born Monday afternoon, Sept. 27 at their home, west of Glasgow.

Granddaughter Has Polio

Finis Savage was called to Cottage Hill Sunday afternoon by the critical illness of his granddaughter, Buzetta LeBlanc, six-year old daughter of Dr. and Mrs. John LeBlanc, whose illness had been diagnosed as polio. However, after securing and promptly using a new drug, now being used to combat the disease in the East, the child's condition was reported as improved Monday morning.

Tigers Conclude Week's Workouts Thursday Morning

Illinois School for the Deaf concludes workouts for the Waverly football game—carded for 2 p.m. Friday at I. S. D. field—with light drills this morning.

The Tigers went through a long scrimmage Wednesday afternoon, after which Coach Art Yates pronounced the squad in top physical condition for this week's end-of-the-season game.

Frankie, a lineman who has been moved back to take over the second team quarterback spot, has looked good this week, especially in the passing department.

Coach Bob Kraushaar ordered his backs to take it easy Wednesday afternoon as the Crimsons went through their last hard scrimmage prior to the Central conference game at Beardstown Friday night at 8 p.m.

The J. H. S. team has been plagued this season by injuries to backs, and the mascot was a little bit shaky on a last-minute mishap. Tony Mills is definitely out of the game because of his arm injury.

Illinois college first stringers worked against Principia players again Wednesday afternoon as Coach A. Miller and Joe Brooks prepared for the home opener at J.H.S. field Friday night at 8 o'clock.

The hilltop grid chiefs also worked off a brief time on several plays off a new offense. A check talk following the scrimmage was also on the schedule.

LONDON COY FIND THE PERILS—Bridget, Eng. (A) "The neighborhood kids were running wild," a disfigured boy named Jimmy, a jacket and white gloves, and started fishing in a drain-pipe with bent pin on a string. His catch: a string of pearls dropped earlier by a woman shopper.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Sept. 29.—(A)—Faced with fresh hog receipts right up to trade expectations and a hold-over from the previous session of some 1000 head, buyers today succeeded in slicing prices 25 to 50 cents on butcher weights and 50 to 75 cents on sows. Cattle were unevenly weak to 50 cents higher but sheep unevenly steady to 75 cents lower.

Most good and choice barrows and gilts brought \$26.75 to \$28.75. The top reached \$29.00. Heavyweights were practically absent. Sows received \$22.50 to \$27.00 with a few going as low as \$22.00.

The best steer price for the day was \$39.50, most good and choice kinds bringing \$30 to \$38.00. The latter price also was the top value for high-price fed heifers, most good and choice of this type taking \$27.50 to \$36.50. Bulls topped at \$29.00 and vealers at \$25.65.

Washington spring lambs merited the run's peak of \$25.65 with most good and choice natives getting \$25.00 to \$25.25. Comparable grade yearling wethers made \$22.00. Two lots of mostly good and choice Washington slaughter ewes closed that division at \$10.75.

Total receipts included 9,500 hogs, 6,500 cattle, 500 calves, and 5,500 sheep.

New York Stock Market

New York, Sept. 29.—(A)—A slow recovery took the Stock Market into higher grounds today in restrained trading. The volume was around 800,000 shares.

Rails and oils again led as they did yesterday, with steels and motors following along. The rubber group advanced but with only moderate activity. Utilities and airlines remained mixed.

The pace of trading quickened on the brief intermediate rallies and slowed when prices were cut by small fractions.

Rails gained fractions to around a point.

Oils were well over a point higher. Phillips Petroleum yesterday announced a 35 cent boost in crude, but today other major companies declined immediately to go along.

Airlines remained mixed with American Airlines and National Airlines reaching new lows for 1948. National, off nearly a point at one time, faces a Civil Aeronautics board hearing on whether its scheduled routes will be transferred to other lines.

National Stockyards, Ill., Sept. 29.—(A)—Hogs 5,500; barrows and gilts steady to 25 lower than Tuesday's average; top 29.00 sparingly; bulk 20.00-26.00 lbs. one price 28.75 or mostly steady with Tuesday; very few heavier hogs; weights 160-190 lbs. mostly 27.75-28.50; occasionally 28.75 on 190 lbs. good and choice 100-120 lbs. pigs 22.00-24.75; 130-150 lbs. 25.50-27.75; sows mostly 50 lower; occasional light sows 36.25; bulk 40.00 lbs. down 24.00-26.00; heavier sows 22.00-23.25; stages 17.00-21.00; hogs 14.00-16.50.

Cattle 4,000; calves 1,200; opening trade dull; few sales on good to choice steers steady at 26.00-35.50; little action on heifers and mixed cattle yearlings; opening sales of sows steady at Tuesday's decline; common and medium beef types 17.00-19.50; canners and cutters 14.00-17.00; bulk slow with weak sentiment; vealers steady; good and choice 28.50-35.50; common and medium 18.00-27.00.

Sheep 2,500; few sales spring lambs steady to outsiders at 26.00; others held at the price but not enough done to fully establish market.

WHEAT MIXED, JULY CONTRACT UP; CORN AND OATS STEADY

Chicago, Sept. 29.—(A)—Grain futures prices moved in relatively narrow range in today's Board of Trade session. Wheat traders were disappointed because the amount of flour sold to the government was lower than anticipated.

A lower cash corn market reduced futures prices part way through the session, but upward the close a mild rally developed. Corn bookings were placed at 52,000,000 bushels against sales of 6,000 bushels.

Soybeans were mostly steady to firm.

Receipts were: wheat 17 cars, corn 139, oats 10 and soybeans 35.

At the close wheat was mixed, 1 higher to 1 cent lower than yesterday's close, December \$2.44-1/2, Corn was 1/2 to 1 lower December \$1.38-1/2, Oats were unchanged to 1 lower, December 73¢, Bye was 1/2 to 1 lower, December \$1.60 and soybeans were 1 cent to 1 1/2 higher, Nov. \$2.41-1/2.

Tigers Carry 2 Wins Into J. H. S. Contest

By Charles Bellatti

Our old crystal ball collected so much dirt and grime during its long period of inactivity that it gave a somewhat distorted view of last week end's football games. Our .714 average wasn't as good as we had hoped.

We did score one touchdown in our first predictions, however (Jacksonville-Quincy). We have a feeling that additional markers will not come frequently during the season, but we expect some more long runs, such as Jerseyville—Winchester (wrong by a dropped pass), Ohio State-Missouri (off by a point on each team) and Northwestern-UCLA (a touchdown off on one side of the ledger).

We gave our crystal ball another good cleaning during the week. Now it is all ready to bat off the right answers at somewhere around the 800 mark, we hope.

It appears that we don't have enough confidence in our own Jacksonville teams. After their first games, I. C. and I. S. D. seem to possess more power than we had supposed. We've upped their board rating considerably and are set for a better week.

Here goes:

ILLINOIS COLLEGE 20, PRINCIPALIA 13—The Blueboys are injured. They will have speed to contend with—and they don't like that. Principalia is playing its first game. The southerners still don't stack up as the outfit to hand I. C. its first loss.

BEARDSTOWN 20, JACKSONVILLE 7—Coach Nick Carter's boys will continue their spell over the Crimsons. The Tiger backfield, with good passing, running and kicking is too much for the inexperienced J.H.S. club. But the Kraushaars will continue their policy of scoring in each game.

I. S. D. 20, WAVERLY 7—We like these 20's. Our latest ratings indicate the Tigers are superior by 10 points. We'll go the long way and give them a 13-point edge by virtue of the home field. But don't count Coach Lyle King's club short, they're on the upswing.

WHITE HALL 13, WINCHESTER 6—Our ratings show White Hall is eight points superior. But we'd be foolish to predict an eight-point edge, so we'll trim it to seven.

PITTSBURGH 21, ROODHOUSE 7—One of the toughest games of the year for Coach Glen Smith's Sautees, but we feel they have the outstanding club in this area. Roodhouse will score, though. Coach Marn Campbell's club has the stuff to cross the goal line.

GREENFIELD 20, PLEASANT HILL 0—Our ratings show Coach LuRuek's T gang as 18-point favorites. We think they're better than that. The Hilltoppers will have to wait to score their first touchdown.

JERSEYVILLE 13, CARROLLTON 6—The Hawks will score, but not enough to match the Panthers. The Badgers are likely to come back roaring from their upset shelling by Indiana. If they're still down, we'll give the Illinois a 20-point edge on the strength of a good aerial attack.

NOTRE DAME 35, PITTSBURGH 0—The first half may be close, but the Irish will cut loose in the last two stanzas. Pitt just doesn't have it.

OHIO STATE 14, SOUTHERN CALIFORNIA 12—Our first star special for this week. We backed the experts to back the Buckeyes over Missouri. We'll do it again and we think we'll get it right.

MICHIGAN 24, OREGON 0—The Wolverines were good in their opener against Michigan State. They'll smooth out their attack and give the Bearcats a bad Saturday afternoon.

PURDUE 27, NORTHWESTERN 20—The Wildcats have sharpened their claws for this Western Conference clash. Watch out Purdue, you may be down after that terrific struggle with Notre Dame.

MINNESOTA 21, NEBRASKA 7—Just another good game for the Big Ten entry which will be in there fighting for the championship and the trip to the Rose Bowl.

INDIANA 21, IOWA 7—Lafayette here we come, say the Hoosiers. But they won't be so happy about 4:30 Saturday afternoon.

TULANE 20, GEORGIA TECH 13—Call this one of our three-star specials. A tough pick, but it looks like Green Wave is headed for a great season. This one will tell.

ARMY 28, LAFAYETTE 0—This is the kind we like to pick.

And some more which we think will bring up our average: California 28, St. Mary's 7; Texas 35, New Mexico 0; Southern Methodist 21, Texas Tech 6; Oklahoma 21, Texas A&M 7; Penn State 42, Bucknell 7; Pennsylvania 21, Dartmouth 0; UCLA 21, Idaho 3; North Carolina 14, Georgia 7; Arkansas 33; Texas Christian 21; Michigan State 28, Hawaii 0; Yale 28, Conn. 0.

And some we don't like to include: Columbia 21, Harvard 17; Navy 21, Cornell 14.

Jerseyville-Hawk Rivalry Produces Spirited Combats

Jerseyville.—(Special)—Jerseyville opens its 1948 bid for the Illinois Valley conference title Friday night, entertaining an old rival, Carrollton.

Form sheets mean little when the Hawks and the Panthers collide. The records of meetings between the two outfits are studded with upsets.

Both Jerseyville and Carrollton have new coaches this year.

Coach E. V. Hall's Jerseyville Panthers are off to a flying start with their first game over Pleasant Hill, 24-0, and Winchester, 13-0. They have shown a fine defense, no team striking within ten yards of the goal line. The Panthers boast both size and speed, ranking them as one of the better conference teams. They operate from a T formation.

Catch Clarence "Buzzy" Bradley's Hawks broke even in their first two tries. They upset White Hall, 12-6, and lost 27-12 to a surprisingly strong I.S.D. eleven from Jacksonville. Dick Hammon is back as assistant coach of the Hawks, who are again using a single wing attack.

Carrollton hasn't tested Jerseyville on the gridiron since way back in 1940, when Coach Krueger's eleven scored in the first two minutes for a close 6-0 win. Since that time three of the Panthers' seven straight wins have been by the slim margin of a point after touchdown.

During the victory parade, three Carrollton mentors have attempted to turn the tide without success, namely Wallace, Floyd and Jackson.

Record of recent Carrollton-Jerseyville rivalry: 1947, Jerseyville 32, Carrollton 6; 1946, Jerseyville 27, Carrollton 6; 1945, Jerseyville 25, Carrollton 0 and Jerseyville 26, Carrollton 14; 1943, Jerseyville 8, Carrollton 6; 1942, Jerseyville 7, Carrollton 12; 1941, Jerseyville 13, Carrollton 6; 1940, Carrollton 6, Jerseyville 0. No game played in 1944 due to the polio quarantine at Jerseyville. Two games played in 1945 with the first a non-conference affair.

UN-TERRIBLE LIZARDS

The word "dinosaur" means "terrible lizard," but actually the dinosaurs, as a whole, were not terrible at all, but peace-loving inhabitants of the prehistoric earth. Some of them could not even support their huge bodies, except in water.

JHS Frosh-Sophs Blast Winchester 39-0 Wednesday

Scoring at least once in every period while holding Winchester outside the 20-yard line with only one exception, the Jacksonville high school freshman-sophomore grid team gave a promising prospect of things to come Wednesday night as they sped over the Wildcats yearlings 39-0 at the J.H.S. athletic field.

The Crimsons, who had practiced as a unit only twice prior to their inaugural appearance, went through their paces without the services of a half dozen additional yearlings who are seeking action with the J.H.S. varsity.

The visiting aggregation launched only one sustained drive. That was late in the game, when Bill Birdsall halted a threat in the vicinity of the Crimson 30-yard stripe with a pass interception.

Most of the remaining time saw the home team holding the ball, and parading toward the visitors' goal line.

Although the entire Jacksonville squad turned in a commendable performance, it was the running of Bruce Samore which highlighted the Crimsons' assault. Samore, breaking loose on numerous long dashes, scored four touchdowns and two extra points.

Blocking of the J.H.S. eleven, in particular, was pleasing to Coaches Hal Wimberly and Farel Patterson.

Score On First Play
The hosts opened their scoring spurge on their first play from scrimmage as Samore loomed 65 yards around right end and to pay dirt. A buck lateral to the left accounted for the extra point.

Winchester was forced to punt soon after the Wildcats received the ball Jacksonville had run only one play when Samore again broke loose on an end run. His second gain was for the same distance as the first. On the try for extra point, a fumble prevented a play from materializing.

Ronnie Campbell intercepted a Winchester pass to start the Crimsons' drive in the second quarter. After a steady drive, Bill Birdsall went over left tackle, reversed his field and ran 35 yards to the end zone. Samore scored the extra point on a buck lateral.

Third Quarter Tally
Jacksonville scored in the third quarter when Samore took a flea-flicker and continued around the right side for a touchdown. Sabatini scored the extra point on the same play worked to the left.

Birdsall scored again early in the fourth quarter, capping a drive by going over on a double reverse. A pass for extra point fell short.

Pass for extra point fell short. A pass for extra point fell short. A pass for extra point fell short.

Winchester had put the Wildcats back to their two yard line with a long punt, the visitors were forced to boot out late in the third period. Henry Jackson carried the punt to the 20. Then Samore went across again on a buck lateral. Sabatini ran a buck lateral to the left for the extra point, but a penalty annulled the tally.

Campbell's punting was another feature of Jacksonville's play. The Crimsons were never forced to resort to serials and their coaches were unable to see if they have a passing attack which can click. A game here next Wednesday night with Virda may supply a chance to get the answer.

First Long Tilt
Carter's men will be in for their first conference game of the season Friday night. Since the Spoon River conference has been dissolved the locals are playing only in the Central for the remainder of the year.

Next year, however, they will be playing in the newly organized Midwest conference, which will include at least six and possibly eight teams.

Havana, Macomb, Beardstown and Rushville of the old Spoon River; and Corpus Christi or Galesburg and Notre Dame of Quincy already have signed up in the new loop. Two other teams, Monmouth and Carthage, may come in.

Football, baseball, basketball and track will be played on the conference level, with all teams meeting every other team in the league at least once.

Indians Tamp Chisox; Near A. L. Pennant

Cleveland, Sept. 29.—(A)—The irresistible Cleveland Indians advanced to within one victory of insuring themselves at least a tie for first place in the American League pennant race today. They came from behind to defeat the tail-end Chicago White Sox, 5-2.

It was the last meeting of the season between the two clubs.

The triumph protected the Tribe's two-game advantage over Boston and New York, who captured their tilts with Washington and Philadelphia, respectively. The Red Sox and Yankees are deadlocked for second place.

One more Cleveland win, no matter how Boston and New York fare, would insure at least a tie. Two more triumphs would clinch the flag for the Tribesmen.

As has been the case in recent days, the big bats of Joe Gordon and Ken Keltner furnished most of the fireworks today. Between them they drove in all Cleveland's runs to give the Tribe their 18th victory in their last 21 games.

Gordon batted in three tallies with a home run and double. Keltner also hammered a homer and two-bagger, and sent two mates across the plate.

Bob Feller, although not as effective as in recent outings, went the route to register his 19th triumph of the season. Thus Rapid Robert, who is scheduled to work in the season's finale next Sunday, may capture 20 victories for his sixth straight full season.

Economist Expects Profits For Those Who Hold Beans

With the soybean harvest in full swing in Illinois, farmers are faced with the perennial problem of whether to sell beans at harvest time or to hold them for a higher price, says L. H. Simerl of the Department of Agricultural Economics, University of Illinois, in his weekly market outlook letter.

"The price is much lower than last year and lower than many farmers think justified. Our studies here at the College of Agriculture show that it has paid to store beans in most previous years.

But the size of the crop is not the important factor, he maintains. Rather the demand for soybean products has dropped sharply.

More Competing Products
"The soybean is a small capsule containing a highly concentrated mixture of two very valuable materials. One of these materials is soybean oil; the other protein. Both products sell in highly competitive markets where there are many alternative products."

The price of oil is affected by the supplies and prices of cottonseed oil, lard and butter. The large crop of cotton now being harvested means more cottonseed oil. With more and cheaper corn, farmers will be making heavier hogs and more lard. Cheaper feed will also tend to increase the production of butter, the economist asserts.

With corn and other feed grains much more abundant and cheaper than they were a year ago, intelligent farmers will not pay big prices for soybean meal or mixed feeds as they did during the past year, he believes.

Storage Big Factor
"Market prices are now depressed by the shortage of available storage space off farms," Simerl believes. "On the other hand the demand for soybeans might increase considerably if present government restrictions against the export of soybeans are lifted or modified. Another possibility is that the yield of soybeans may be somewhat smaller than is now expected by processors and dealers."

"In any event, the risk of loss from storing beans can be limited to a few cents a bushel by recourse to the government price support program," Simerl concludes.

Rousey Named Choir Director At Baptist Church

Noel Rousey of Jacksonville has been engaged as choir director of the First Baptist church, according to announcement made Wednesday by members of the music committee of the church.

Miss Mahala McGee will serve as church organist and accompanist for choral renditions. Members of the music committee are Mrs. Tom Cornish, chairman, Mrs. M. R. Range and Isabel Cully. Rehearsals will begin Thursday, Oct. 7. Applicants of high school age or older are asked to meet at 7 p. m. A new hymnal has also been approved. It is entitled "Christian Worship" and is edited jointly by the Northern Baptist convention and the Disciples of Christ. New hymnals are gift of the heirs of the Elizabeth Laurie estate and are given in memory of the Laurie family, members of which have been active in the church for many years.

New Sign At Park Honors Memory Of Samuel W. Nichols

Samuel W. Nichols, donor of the land on which Nichols Park is situated, receives recognition by a large, new sign which has been erected at the southside amusement center.

Members of the Jacksonville park board, feeling that many citizens and visitors don't realize that the site for the city park was donated several decades ago, ordered erection of the new sign. The inscription reads: "Entrance to Nichols Park made possible by Samuel W. Nichols - 1904."

Many other now traffic and direction signs have been put up in the city park this year and have been found to be a great aid to both strangers and regular visitors. Warren Hoagland, park board chairman, said Wednesday evening that the state conservation department has completed plans for restocking Morgan Lake. The adult fish will be placed in the lake at the end of the current fishing season. Conservation officials request that fishermen refrain from using Morgan Lake until after next June 15, in order that the fish may have time to spawn.

Hold Services For Mrs. Halligan At Catholic Church

Requiem high mass was sung at the Church of Our Saviour at 8:30 o'clock Wednesday morning for Mrs. John Halligan, with Rev. Dean F. Formaz officiating.

The many floral tributes were cared for by Misses Irene and Alberta Newell; Mrs. Ernest Duncheon, Mrs. Marjorie Fehlhaber, Mrs. Jack Stewart, Miss Bertha Welsh and Mrs. Edward Finn.

Casket bearers were Thomas Haning, John Brown, Edward McCarthy, Ralph Newell, Francis Newell and Edward Newell.

The remains were taken to Ashland for interment in St. Augustine cemetery.

39 Bushels Of Beans An Acre At County Farm

There was nothing skimpy about the yield of soybeans at the Morgan county farm this year.

Combining was finished Tuesday at the county farm, northwest of the city. A 25 acre field made 39 bushels to the acre.

Considering the fact that 25 bushels per acre is pretty fair soybean yield in this section of the state, the men who farm the county property and the county commissioners were well pleased.

Leo Bourn has the farm land under lease at the county home. He farms on the shares, with Morgan county benefitting from the excellent crop yield.

Fifty-five acres of corn will be harvested within a few weeks. The corn also promises a heavy yield.

EPISCOPAL CHURCH SPONSORS SERIES OF GREAT PLAYS

Rev. Reginald Harris, rector of Trinity Episcopal church, has been advised that "Great Scenery From Great Plays," sponsored by Episcopal families of the nation, will be broadcast for the first time on Friday evening, Oct. 1, from 8 to 8:30 Eastern Standard Time, over the Mutual system.

"Cyano de Bergerac" Edmond Rostand's drama of self-denial, starring the veteran actor, Walter Hampden, will be the first play of the series. The series is produced by the National Council of the Protestant Episcopal church with the cooperation of 800 members of the Episcopal Actors' Guild. Mr. Hampden will act as host for all subsequent programs.

Mist, Rain Stymie Wednesday's Tests On Jay-Cee Lane

Intermittent rains and wet testing surfaces put a definite crimp in the operations of the Jay-Cee motor vehicle inspection lane Wednesday. Only 58 automobiles were tested during the short time the lane was open.

This was in marked contrast to Tuesday when 397 cars were checked. Just one-half, 29 of the 58, of the automobiles examined Wednesday won their green OK sticker on the first trial. Twenty-two were rejected for one or more of the following causes: headlights, 5; brakes, 4; wheel alignment, 2; stop light, 4; tail light, 5; windshield, 1; horn, 1; driver's license, 1, and parking lights, 2.

The lane will continue in operation through Friday.

Livestock Tours Made To Greene County Farms

Carrollton—Dick Carlyle, an extension staff of the University of Illinois and Eddie Lamb of the St. Louis Producer's Association were the speakers at the annual livestock tour which was held Monday in Greene County.

Farms visited included the Cook Valley Farms where Emert Johnisse, swine herdsman, described the swine program followed on the farms. Also visited were the farms of John Kirbach, N. J. Kirbach and John Longmeyer and on these farms a swine and beef cattle program is maintained and on each farm the operator outlined the program for the year.

As the farms were visited Carlyle and Lamb commented on the outlook for livestock for the next twelve or fifteen months stating that there would be very little change although the high peak for livestock sales had been reached. The excessively large corn crop this year will necessarily lower the price of beef for cattle feeders although the price of feeder cattle has increased over last year.

W. H. Kurtz introduced three Springfield representatives of the Abraham Lincoln council: A. C. Schlif, council president; A. R. Booth, council commissioner, and Walter Pickering, chairman of the health and safety committee.

W. O. Randall and R. Karl Baker spoke on the approaching Community Chest drive.

Need Volunteers For Red Cross Knitting Project

Miss Anne Bellatti, chairman of the Morgan County Red Cross chapter knitting committee, announces that the Red Cross knitting project located in the David Strawn Art Home, will reopen Thursday, Sept. 30, at 2:30 p. m.

Each Tuesday and Thursday afternoon thereafter it will remain open from 2:30-4:30 p. m. with a committee on hand to distribute yarn to volunteer knitters and to collect finished sweaters which will be sent to men in the U. S. armed forces.

The military authorities have set as the Jacksonville quota 32 cardigan sweaters to be completed in approximately 60 days. Miss Bellatti states that 30 women will be needed to knit these sweaters in the specified time.

Over 50 pounds of sweater yarn was received this week from the National Red Cross headquarters, to be distributed and used in making sweaters to supplement government supplies not currently available from any other source. Only through the continued service of local chapter production volunteers will the Red Cross be able to meet the needs of our men in the forces.

The local committee is very anxious to distribute as much yarn as is possible Thursday afternoon. All ladies who are interested are asked to call at the Art Home that afternoon.
